Renewability	Non-Cancellable and Guaranteed Renewable to age 65, to age 67 or to age 70 depending on benefit period selected, at stated guaranteed premiums. Thereafter, the policy may be renewed so long as it was in force for the prior policy year, the insured is not receiving benefits and is not eligible to receive benefits, and the insured is regularly employed at least 30 hours a week and receiving wages, compensation or profit.			
Maximum benefit periods <sup>2</sup>	Two years; five years; 10 years; to age 65; to age 67 or to age 70			
Elimination periods <sup>3</sup>	60, 90, 180 and 365 days. If a period of disability from the same or a related cause is broken by 365 days or less, all the days of disability count toward the elimination period.			
Definition of total disability	<p><b>All classes:</b> The insured has a total disability or is totally disabled if, due to a sickness or injury, in and of itself, he or she is not able to perform the material and substantial duties of his or her regular occupation and is not working in any other occupation for wages, compensation or profit.</p> <p>The insured must be under a physician's regular care and treatment, which is appropriate for the condition causing the total disability. Appropriate care includes a plan between the insured and his or her physician that addresses goals for treatment and recovery, coordinates care among all physicians involved in the treatment of the injury or sickness causing the total disability and addresses the insured's functional status. If continued medical treatment will not improve the insured's condition, Ohio National may waive this requirement.</p>			
Presumed total disability	Presumes total disability if the insured sustains the total loss of use of both hands, use of both feet, or the use of one hand and one foot; or completely loses the sight in both eyes, the hearing in both ears or speech. When total disability is presumed, the elimination period is waived and benefits are paid even if the insured still works.			
Waiver of premium	If insured is totally disabled for at least 90 days or the elimination period, whichever is less, we will waive premiums that come due while totally disabled. Any premiums due and paid during this period will be refunded.			
Hospice care	If the insured is totally disabled due to an injury or sickness, and is under a physician ordered plan of care for hospice services, and is receiving hospice services through an accredited organization, we will waive the unexpired portion of the elimination period. Benefits will be paid from the date the plan of care is initiated for hospice services. The benefit will be paid as long as the total disability continues, up to the maximum benefit period.			
Survivor	If the insured dies after satisfying the elimination period, and was receiving benefits at the time of death, we will pay the remainder of the base monthly benefit during the month of the insured's death, plus two additional monthly benefits. No additional benefits will be paid under the Survivor Benefit after the expiration of the maximum benefit period.			
Definitions of injury and sickness	Injury is defined as any accidental bodily injury caused by a singular and distinct event sustained while this policy is in force. Sickness is defined as an illness or disease first manifested while this policy is in force including complications due to pregnancy or childbirth.			
Recurrent disability	If total disability stops and then starts again within 365 days due to the same or a related injury or sickness that caused the total disability, the two periods of total disability will count as one. The insured will not have to satisfy a new elimination period if already met and the same maximum benefit period will continue to apply to the total disability.			

<sup>2</sup>Maximum benefit period is the longest period that benefits will be paid for one total disability from the same or related cause.

<sup>3</sup>Elimination period, generally, is the period of time the insured must be totally disabled before benefits begin.

### Summary of coverage

Specifications	Non-Cancellable
Cosmetic or transplant surgery	If the insured is totally disabled due to cosmetic or transplant surgery, benefits will be paid. The transplant must occur more than six months after the issue date. If so, the elimination period will be waived. The elimination period must be satisfied in order to receive benefits for total disability due to cosmetic surgery.
Voluntary suspension during military duty	The insured may suspend the policy while on active duty in the armed forces. While suspended, the policy is not in force, no premiums are due and the insured has no coverage. When active duty ends, the insured may reactivate the policy by giving us notice and paying premiums.
Voluntary suspension during unemployment	The insured may suspend the policy while unemployed and receiving state or federal unemployment benefits. While suspended, the policy is not in force, no premiums are due and the insured has no coverage. Suspension will end the earlier of: one year after the date suspension began; or the date we receive the insured's notice to end the suspension.
Occupational rehabilitation	Ohio National may help pay for an occupational rehabilitation program intended to facilitate the insured's return to work, if we are paying benefits under the policy and approve the program.
Limitations	<p><b>Pre-existing Conditions:</b> Benefits will not be paid for a total disability that is caused by, results from or relates to: any illness, condition or disorder expressly excluded by a special exceptions endorsement; or a pre-existing condition that starts within two years following the policy date and that was misrepresented or not disclosed on the application.</p> <p><b>Mental Disorder/Substance Abuse:</b> If any mental disorder or substance abuse or both are the primary cause of total disability, we will pay benefits for not more than a cumulative total of two years during the lifetime of the policy, unless the insured is continuously confined to a hospital where he or she is receiving care or treatment on a regular basis.</p> <p><b>Residing outside the United States or Canada:</b> We will stop paying benefits if the insured resides outside the United States (and its territories, including Puerto Rico and District of Columbia) or Canada for more than three consecutive months. If the insured returns to the United States or Canada, we will begin paying benefits once we receive proof the insured is totally disabled.</p>
Exclusions	<p>No benefits will be paid for any total disability caused by, contributed to, related to, or that results from: war, an act of war, or an act incident of war, whether civil or among nations, declared or undeclared; or active military service when scheduled active duty is more than 30 consecutive days; or an injury or sickness we have excluded by name or specific description in a special exceptions endorsement attached to the policy; or the insured committing, or attempting to commit, a felony; or the insured being engaged in an illegal occupation; or an intentionally self-inflicted injury or sickness, while sane or insane.</p> <p>Monthly benefits are not payable during any period while the insured is incarcerated or under court-ordered detention; or if the insured's material and substantial duties normally require him or her to be licensed with a federal, state, or industry regulatory body, during any period that the license has been surrendered, suspended or revoked, due to actual or alleged misconduct or malpractice.</p>

## Non-Cancellable Policy

### Optional rider benefits

Specifications	Non-Cancellable
Own Occupation Rider Replaces the policy definition of total disability	The insured has a total disability or is considered totally disabled if, due to a sickness or injury, in and of itself, he or she is not able to perform the material and substantial duties of his or her regular occupation. If an insured's regular occupation on the date of disability is limited to a professionally-recognized specialty in medicine, dentistry or law within the scope of his or her degree or license, we will deem that specialty to be the insured's regular occupation.
Residual Disability Riders	There are two residual riders available. Both riders pay a percentage of the total disability benefit during a qualifying period of residual disability.

# Non-Cancellable Policy

## Optional rider benefits *continued*

Specifications	Non-Cancellable
Residual Disability Riders (continued)	<p><b>Enhanced Residual</b> Available for all occupation classes For the first six months of disability, the insured is considered residually disabled if due to sickness or injury, he or she is not totally disabled as defined in the policy, is working and suffers a loss of time or duties in any occupation. After the first six months of disability, to continue to qualify for a Residual Disability benefit, the insured must also show at least a 15 percent loss of monthly earnings and the loss must be solely the result, directly and apart from any other cause, of an injury or sickness as defined in the policy.</p> <p>The Enhanced Residual Monthly Benefit is based on the loss of monthly earnings. Total disability benefits are paid if loss of monthly earnings is more than 75 percent. For the first six months that the insured is paid a residual disability benefit, such benefit will not be less than 50 percent of the base monthly benefit for total disability.</p> <p>A Transitional Return to Work Benefit is payable, after a period for which the insured has been paid a disability benefit, if he or she is working full-time in any occupation, is not entitled to a total or residual benefit and can demonstrate that the minimum 15 percent loss of earnings is due to the previous disability. This benefit is payable up to the maximum benefit period.</p> <p><b>Basic Residual</b> Available for all occupation classes The insured is considered residually disabled if due to sickness or injury, he or she is not totally disabled as defined in the policy, is working and suffers a loss of time or duties in any occupation. In addition, the insured must also show at least a 15 percent loss of monthly earnings and the loss must be solely the result, directly and apart from any other cause, of an injury or sickness as defined in the policy.</p> <p>The Basic Residual Monthly Benefit is based on the loss of monthly earnings, up to a maximum of 50 percent of the base monthly benefit for total disability. For the first six months that the insured is paid a residual disability benefit, such benefit will not be less than 50 percent of the base monthly benefit for total disability.</p>
Removal of Mental Disorder/Substance Abuse Limitation Rider	<p>This rider removes from the base policy the two-year limitation on benefits for disabilities resulting from Mental Disorders or Substance Abuse. This rider allows benefits for these disorders to be paid up to the maximum benefit period.</p>
Annual Renewable Disability Income (ARDI) Rider	<p>This rider provides an additional monthly benefit if the insured is totally disabled (or residually disabled if a Residual Disability Rider is part of the policy). A Conversion Benefit is included that, after the rider has been in force at least three years or the insured is age 28, whichever occurs later, the insured may convert all or part of the additional monthly benefit to base monthly benefit under the policy. No proof of insurability is required at that time. Premium rates for the conversion amount will be the same premium rates used for the policy and will be based upon the insured's risk class for the policy and his or her age and sex as of two years prior to the conversion date.</p>
Cost of Living (COL) Riders	<p>There are two COL riders available. Both riders adjust the monthly benefit when a disability continues beyond one year. If the insured is disabled for more than 12 months, we will increase the amount of the base monthly benefit to be paid under the policy, the amount of additional monthly benefit paid under the Annual Renewable Disability Income Rider and the amount of the extra benefit paid under any Social Insurance Supplement Rider that are part of the policy. We will make this adjustment on each anniversary of the onset of disability. The increases will continue to be made if the insured is receiving benefits under the Transitional Return to Work Benefit provision if the Enhanced Residual Disability Rider is attached to the policy.</p> <p><b>2% - 6% Compound:</b> The increase each year under this option will be the increase in the CPI-U, with a maximum increase of 6 percent and a minimum increase of 2 percent. The increases will be applied on a compounded basis. After a disability ends during which base monthly benefits and the additional monthly benefit on the Annual Renewable Disability Income rider were increased under this rider, the amount of the increases, subject to specified criteria, will be added to and become a part of the base monthly benefit and additional monthly benefit on the policy. There will be no additional premium required for the amount of the increase until the expiration date of the policy. The extra benefit from the Social Insurance Supplement Rider reverts to the amount it was at the time disability began.</p> <p><b>3% Simple:</b> The increase will be 3 percent per year on a simple interest basis. After a disability ends, the base monthly benefit, Additional Monthly Benefit and the Extra Benefit revert to the amounts they were at the time disability began, unless the insured exercises the option to buy the benefit increase.</p>

## Optional rider benefits *continued*

Specifications	Non-Cancellable
Guarantee of Physical Insurability (GPI) Rider	This rider guarantees the option of purchasing additional coverage on the first day of each policy year, up to age 60, if the insured is not disabled. The increase amount is equal to the amount of base monthly benefit for which the insured qualifies, based on our then current issue and participation limits. The maximum increase per option is equal to 50 percent of the original base monthly benefit amount. The minimum increase per option is \$100 per month. A special increase amount option allows the insured to increase the base monthly benefit equal to the maximum purchased if he or she no longer qualifies for an employer's group long term disability or has a 50 percent increase in monthly earnings that is permanent and sustainable.
Catastrophic Disability Benefit (CAT) Rider <sup>4</sup>	This rider will provide the insured with an additional monthly benefit while he or she is catastrophically disabled.  Catastrophic disability and catastrophically disabled means that, due to an injury or sickness: (a) the insured is unable to perform two or more Activities of Daily Living (bathing, continence, dressing, eating, toileting, transferring) without stand-by assistance due to loss of functional capacity; or (b) the insured requires substantial supervision due to severe cognitive impairments.  At the time of issue, the CAT Rider is limited to the following: 1. Up to three times the base monthly benefit <sup>4</sup> and ARDI Rider amount. 2. Maximum issue amount of \$10,000 per month <sup>4</sup> . 3. Total coverage cannot exceed 100 percent of the insured's monthly earned income.
Social Insurance Supplement (SIS) Rider	Provides an extra benefit for total and residual disability (if a Residual Disability Rider is part of the policy) when the insured receives no social insurance benefits (e.g., Social Security, workers' compensation, government retirement or disability benefits (including amounts for dependents), or state cash sickness benefits) or only limited benefits. The rider pays the difference between the full rider benefit and the social insurance benefits the insured receives.
